GURRAM SURYA RUSHIMITA

B.Tech Computer Science & Engineering | Fresher

📍 Hyderabad | 📞 9502173601 | ✉ gurramsuryarushimita4052@gmail.com

CAREER OBJECTIVE

Motivated B.Tech student and aspiring Web Developer from the 2027 graduating batch, with a strong foundation in programming fundamentals and web technologies like HTML, CSS, and JavaScript, along with basic knowledge of React, backend technologies, and databases. Eager to begin a professional career, contribute to real-world projects, and continuously develop technical and problem-solving skills.

EDUCATION :

B.Tech — Computer Science & Engineering,Sri Indu College of Engineering and Technology(2023 – 2027)

Academic Performance CGPA: 8.63 ; Intermediate / 12th: 879 **; 10th(SSC)):** 10/10

TECHNICAL SKILLS

Programming: Python, Java, JavaScript
Frontend: HTML5, CSS3, React.js
Backend: Python , Node.js
Database: MySQL,MongoDB
Tools: Git, VS Code
Concepts: OOP, DBMS, Data Structures, REST APIs, Responsive Web Design

PROJECTS

Hotel Reservation System

Developed a system for managing hotel reservations and related booking information.
Applied programming and database concepts to organize reservation data and improve the booking workflow.

Timetable Management System

Designed a system to manage academic timetables efficiently.
Applied programming and database concepts to organize schedules and reduce timetable management complexity.

Product Review Analysis Using AI

Developed an AI-based project for analyzing product reviews.
Explored techniques for processing and interpreting customer feedback to identify useful insights.

Sensor-Driven Large Language Model Framework for Intelligent Industrial Fault Diagnosis and Predictive Maintenance

Worked on an AI-focused framework combining sensor-driven data with Large Language Models.
Explored intelligent industrial fault diagnosis and predictive maintenance applications.
Focused on using collected sensor information to support identification of potential industrial faults and maintenance requirements.

Gesture based sign language to speech translator

Developed a real-time system that recognizes hand gestures/sign language using computer vision and machine learning.
Designed the system to help bridge communication between sign-language users and non-sign-language speakers.

TRAINING & COURSES

1. **Test Engineer Course Training** — 06 August 2026 – 27 August 2026
2. **Hashgraph Developer Course**
3. **TNS training**
4. **TLC Training**

CERTIFICATIONS

1. ICT Certification
2. Infosys Springboard Certificate
3. Viksit Bharat Certification
4. ICAT Certification
5. Microsoft AI-900
6. Red Hat Certification
7. MongoDB Certification
8. College-level Technical and Non Technical Certifications

SOFT SKILLS

1. Communication
2. Team collaboration
3. Problem Solving
4. Adaptability
5. Quick Learning
6. Analytical Thinking

LANGUAGES

Telugu — Fluent (Mother Tongue)
English — Professional Proficiency fluent
